

# Metadatenchema

Label	Field	Content	Example
Publikationstyp	dc.type	Publikationstypen	Journal Article
Author/Creator	dc.contributor.author	LastName, FirstName	Miller, Max or Miller, Diana; id_orcid 0000-0003-1391-9991
ORCIDid Author	dc.contributor.author.orcid	XXXX-XXXX-XXXX-XXXX	ORCIDid is exported together with Author
Editor	dc.contributor.editor	LastName, FirstName	Doe, Jane or Doe, Thomas; id_orcid 0000-0001-6444-9104
Organisational unit	ethz.leitzahl	A 5 digits number (Leitzahl) from the Organisationsdatenbank	00060
ORCIDid Editor	dc.contributor.editor.orcid	XXXX-XXXX-XXXX-XXXX	ORCIDid is exported together with Editor
Certified Organisational unit	ethz.leitzahl.certified	A Leitzahl that has been certified by an authorized person	00060
Title	dc.title		
Publication Date	dc.date.issued	YYYY YYYY-MM YYYY-MM-DD	2005 or 2012-05 or 2013-04-30
PID	dc.identifier.uri	the publication's Identifier in Research Collection	<a href="http://hdl.handle.net/20.500.11850/343">http://hdl.handle.net/20.500.11850/343</a>
Source	ethz.source	Where was the entry imported from	ECOL for E-Collection FORM for Manual submission WOS for Import from Web of Science
E-Col PID	ethz.ecolpid	Identifier of E-Collection	eth:50050
E-Cit PID	ethz.ecitpid	Identifier of E-Citations	pub:129410
E-Pub DOI	dc.identifier.doi	DOI of the Publication in Research Collection or ETH E-Collection	E-Collection: 10.3929/ethz-a-010786543 Research Collection: 10.3929/ethz-b-00000455

Publisher DOI	dc.identifier.other	A DOI that has been assigned by a publisher (not Research Collection)	10.1007/11557432_10
URN	ethz.identifier.urn	Free Text starting with urn:	urn:nbn:de:kobv:b4-opus-25174
URL	ethz.identifier.url		<a href="http://e-citations.ethbib.ethz.ch/view/pub:10105">http://e-citations.ethbib.ethz.ch/view/pub:10105</a>
ISBN	dc.identifier.isbn	A 10- or a 13-digits number	3-540-29010-9 978-3-540-29010-0
WoS ID	ethz.identifier.wos	Identifier at Web of Science A 15 digits number	000233398 700009
Scopus ID	ethz.identifier.scopus	Identifier at Scopus An 8-11 digit number	849748155 92
PubMed Central ID	ethz.identifier.pubmed	Identifier at PubMed	27898947
arXiv ID	ethz.identifier.arxiv	Identifier at arXiv Free Text starting with arXiv:	arXiv: 1402.0493
ETH Diss No.	ethz.identifier.diss	a 5 digits number, used only with Document type "Doctoral Thesis"	22997
Patent No.	ethz.identifier.patent	only used with Document/Resourc-Type "Patent"	WO201408 3538
Nebis System No.	ethz.identifier.nebis	A 9 digits number	000054409
Internal Identifier	ethz.identifier.internal	Any internal identifier the publication might have (free text).	
ORCID WorkCode	ethz.identifier.orcidWorkCode	This number is filled out automatically, as soon as the publication is imported via ORCIDid	36391692
Publisher	dc.publisher	Name of the Institution that published the publication	Elsevier
Publication place	ethz.publication.place	Place of the publisher	Amsterdam Scottsdale, AZ
Online publication date	dc.date.published	Date on which the work was published online.	2005 or 2012-05 or 2013-04-30
Publication status	ethz.publication.status	Refers to the original publication, not the deposit copy	accepted published unpublished
Date deposited	ethz.date.deposited	Shows the Date, on which the item was submitted	2016-09-20T10:13:54Z
Deposit version	ethz.version.deposit	Describes which Version of the Publication is submitted into Research Collection. "Original work" is used if one submits a work for which Research Collection will be the main publication outlet. The other versions are used if the submission is a copy of an already published work.	Original work Draft Submitted version Accepted version Published version Updated version

Availability	ethz.availability	Describes the availability of the whole record.  "Metadata only" is used if no attachment is available.	Open Access Embargoed  ETHZ users Selected users Closed access Metadata only
Embargo end date	ethz.date.embargoend	Date on which the Embargo ends	in 2 years: 2019-01-31
Retention period end date	ethz.date.retentionend	Date on which the Retention period ends (10 years, 15 years or indefinite)	10 years for a submission on 2017-01-31: 2027-01-31
License	dc.rights.license	End user license or copyright statement	Creative Commons Attribution 4.0 International
License URI	dc.rights.uri	URI of the license or copyright statement	<a href="http://creativecommons.org/licenses/by/4.0/">http://creativecommons.org/licenses/by/4.0/</a>
Contributor	dc.contributor.contactPerson(.orcid) dc.contributor.dataCollector(.orcid) dc.contributor.producer(.orcid) dc.contributor.projectLeader(.orcid) dc.contributor.projectManager(.orcid) dc.contributor.projectMember(.orcid) dc.contributor.relatedPerson(.orcid) dc.contributor.researcher(.orcid) dc.contributor.researchGroup(.orcid) dc.contributor.rightsHolder(.orcid) dc.contributor.Supervisor(.orcid) dc.contributor.other(.orcid)	There are different types of contributors  All contributor-types (except supervisor) are only used for research data document types. Supervisor is only used for Theses	Smith, John  or  Smith, Martin; id_orcid 0000-0001-6258-5858
Subtitle	ethz.title.subtitle	text	
Alternative title	dc.title.alternative	text	
Book title	ethz.book.title	The book's title in which the e.g. Book Chapter was published	
Journal or series title	ethz.journal.title	The journal's title in which the e.g. Journal Article was published	Journal of Phonetics
ISSN	dc.identifier.issn	International Standard Serials number = Journal identifier	0095-4470
Abbreviated Title	ethz.journal.abbreviated	official short form of the Journal title	J Phon
Volume number	ethz.journal.volume		63
Issue number	ethz.journal.issue		7
Start page	ethz.pages.start	start page of e.g. Journal article/Book Chapter  or Article number	201  or L00678
End page	ethz.pages.end	end page of e.g. Journal article/Book Chapter	205
Size	ethz.size		30 GB
Format	dc.format		pdf
Edition / Version	ethz.version.edition		2nd edition
Methods	ethz.description.methods	Only applicable for Research data document types	

Software	ethz.description.software	Only applicable for Research data document types	
GeoLocation	ethz.geolocation	Only applicable for Research data document types (Place, Latitude, Longitude)	London; 51.51; -0.118
Date collected	ethz.date.collected	Only applicable for Research data document types Date or Date range	2017 or 2017-05 or 2017-05-31 or 2016-11-05/2017-02-22
Date created	dc.date.created	Only applicable for Research data document types Date or Date range	2017 or 2017-05 or 2017-05-31 or 2016-11-05/2017-02-22
Language	dc.language.iso	ISO 639-1 language codes	en de fr
Abstract	dc.description.abstract	free text	
Subject	dc.subject	subject-related keywords	Global warming
Tag	ethz.tag	non-subject related keywords (owner notes)	Review completed
DDC code	ethz.code.ddc	a 3 - 5 digits number, chosen from a list	100 or 621.3
JEL code	ethz.code.jel	Classification for economic publications	B12 (=Classical (includes Adam Smith))
Event	ethz.event	Conference, workshop etc. where a paper/poster was presented	International Symposium on Life-Cycle Civil Engineering
Event location	ethz.event.location	Location of the Event	Delft, Netherlands
Event date	ethz.event.date	Time the Event took place (Date or Date range)	2012-05-16 or 20120301/20120305
Additional notes	ethz.notes	free text	
Project /Grant	ethz.grant	If this publication is an outcome of an EU- or SNF-funded Project:  Name of the project/grant	Cluster Categories and Triangulations - FRANCO
Grant agreement no.	ethz.grant.agreementno		127430
Funder name	ethz.grant.fundername	corresponding name of institution giving the grant	SNF
Funder DOI	ethz.grant.funderDoi	corresponding funding body DOI from FundRef Registry	10.13039/501100001711
Program name	ethz.grant.program	corresponding program name	SPONSOR_PROG_D

Related Publications or Datasets	ethz.relation.isCitedBy ethz.relation.cites ethz.relation.isSupplementTo ethz.relation.SupplementedBy ethz.relation.isContinuedBy ethz.relation.continues ethz.relation.isNewVersionOf ethz.relation.isPreviousVersionOf ethz.relation.isPartOf ethz.relation.hasPart ethz.relation.isReferencedBy ethz.relation.references ethz.relation.isDocumentedBy ethz.relation.documents ethz.relation.isCompiledBy ethz.relation.compiles ethz.relation.isVariantFormOf ethz.relation.isOriginalFormOf ethz.relation.isIdenticalTo ethz.relation.isReviewedBy ethz.relation.Reviews ethz.relation.isDerivedFrom ethz.relation.isSourceOf		<a href="http://doi.org/[DOI]">http://doi.org/[DOI]</a>
Record last modified	dc.date.accessioned	Date the record was last submitted/edited	2016-09-21T08:40:55Z
Change History	dc.date.available	Shows all Dates, on which the item was submitted or edited	2016-09-20T10:13:54Z and 2016-09-21T08:40:55Z
Editing Status	ethz.edit.status	internal status of the qa-workflow	QS1 – Not verified QS2 – Under verification QS3 – Copyright clarification QS4 – Technical analysis QS5 - Verified QS6 - Approved QSN – Not to be approved
ETH Publication	ethz.eth	Shows if publication was published during the authors' affiliation with ETH Zurich	yes or no
Old URI	dc.identifier.olduri	Former persistent URL of merged items	<a href="http://hdl.handle.net/20.500.11850/386739">http://hdl.handle.net/20.500.11850/386739</a>
