

Change language

You can change the language with the globe at the top right. The languages offered depend on the catalogue. Normally, German and English are available.

The screenshot shows the top navigation bar of the ETH Zürich website. On the left is the logo 'ETH zürich' and 'e-pics Bildarchiv'. A search bar contains 'All' and 'Search...'. On the right, a shopping cart icon, a globe icon, and a user profile icon are visible. A yellow circle highlights the globe icon, which has opened a dropdown menu with 'Deutsch' and 'English' options. Below the search bar, there are category filters, a 'Categories' section with a search input, and a 'Sort by: Title' dropdown. A status message at the bottom indicates 'Collection contains 573,931 items.' with a refresh icon.
