

Create PDF and print

Images in the collection basket can be downloaded and printed as a PDF together with their metadata, as long as the images are downloadable. You can recognize this by the corresponding license (usually "Public Domain" or "CC BY-SA"). Otherwise, this option is not available. This is of course also the case for catalogues without downloadable images.

Select the format for the download:

- List with picture
- Presentation A4
- List A4 landscape

The thumbnail shows a list of four items, each with a small image and text. The text is partially legible and appears to be a list of documents or images.
